

**Bollin
Label
Systems**

#BIZ052-00800
2.125 in. x 212 ft.
per roll.
36 rolls per case

NEW!

Switching to linerless weigh scale Labels
HAVE MANY BENEFITS:

- 1 Less waste
- 2 Less freight costs
- 3 More labels per roll
- 4 Variable length labels
- 5 Less warehouse space

LINERLESS ROLL

ROLL WITH LINER

Why Make The Switch To Thermal Pressure Sensitive Linerless labels?

(without a release liner)

1. Sustainable, eco-friendly solution with less waste disposal
2. Rolls weigh less with no liner, reducing your shipping costs
3. Print more labels with up to 40% more label printing space compared to labels with liners
4. With multiple length flexibility you increase productivity by printing various labels on the same roll reducing number of changeovers
5. With no liner these labels require less storage space due to smaller sized roll
